Whoever it may concern

Subject: EC certification of the blowing wool Supafil Cavity Wall 034

The plant Visé (Belgium, 95, rue de Maestricht, 4600 Visé) manufactures the product Supafil Cavity Wall 034. This product is AVCP system 4 for reaction to fire and AVCP system 3 for the other characteristics. This means the product don't need any fire test and is automatically A1. This was confirmed by a test confirming the product has less than 1% of organic content.

Following the European standard EN 14064-1 (table ZA.4), all the tasks are under the responsibility of the manufacturer.

This product was EC certified making all the Product Type Determination tests done at notified testing laboratories (BBRI – Belgium and MPA Stuttgart – Germany):

MW-EN 14064-1-S1-WS-MU1

Knauf Insulation SPRL
Rue de Maestricht 95 - 4600 Visé, Belgium
SUPAFIL CAVITY WALL 034
ThIB
EN 14064-1
MW-EN 14064-1-S1-WS-MU1
Thermal conductivity: see performance chart
Reaction to fire - A1 EUROCLASS
Nominal Weight 16,6kg
